OVERVIEW

The Focus on AIDS Foundation is pleased to announce **Focus on AIDS 13** a benefit auction to take place. [TBA] Focus on AIDS is America's largest and most prestigious auction of rare, vintage and contemporary photography supporting AIDS research, care, and education.

Since 1987, the 12 previous Focus on AIDS auctions have raised over $3 million dollars for leading AIDS charities worldwide. Our not-for-profit 501(c)3 organization is volunteer based and relies on the generosity, and resources of our photography community to generate meaningful help.

**FOA 13** offers serious art collectors and photography lovers a chance to view and bid on some of the most celebrated and cutting edge photography through both a live and silent auction.

For our 13th run, we are curating our most aesthetically rich and appealing collection of photos ever. In asking for donations we may suggest specific works that we think will inspire fascination and high bidding! Of course your input is invaluable. We look forward to collaborative success.

**SCHEDULE**

**ARTISTS PREVIEW PARTY:**

- **Date And Location To Be Announced**

Our kickoff event is open to the public for viewing all 200+ photographs to be auctioned off at FOA13. A great opportunity to mingle with contributing artists, buy tickets, and enjoy our wine bar and delicious food.

DONOR SIGNATURE

DATE

Thank you very much for donating to the Focus on AIDS 13 Auction. You will receive a letter acknowledging your gift for tax purposes post event. Gifts to Focus on AIDS are tax-deductible to the fullest extent provided by law.
The Focus on AIDS Foundation will use the funds generated by your donations to benefit the organizations listed below. Others may be added, please check focusonaids.com for current info.

**ASHA KIRANA**  
*Center for AIDS Care & Research*  
Mysore, India  
http://ashakirana.org

Founded, built, and sustained with FOA auction proceeds, Asha Kirana ("Ray of Hope") opened in 2004 as a full service care and educational facility providing “unstigmatized” housing and treatment for “discarded HIV positive women and AIDS orphans.” Additionally, Asha Kirana undertakes research projects on clinical, epidemiological, and social aspects of HIV/AIDS. It is the first comprehensive HIV/AIDS center of its kind in India.

**ARNOLD’S HOUSE**  
*A Safe House for AIDS Orphans*  
Kilimanjaro District, Tanzania

Your support of FOA is currently building Arnold’s House in Tanzania. This facility will give housing and education for up to 60 kids whose lives have been derailed by HIV/AIDS. Tanzania has a large population of AIDS orphans living on the streets of Kilimanjaro - they have no hope, no place to sleep, eat, or learn. Arnold’s House will provide all the basics a child needs to have a future.

**KEEP A CHILD ALIVE**  
45 Main Street, ste. 720  
Brooklyn, NY 11201 USA  
www.keepachildalive.org

“The best way to find yourself is to lose yourself in the service of others” - Ghandi

Since 2002, Keep a Child Alive has been dedicated to providing life-saving anti-retroviral treatment, care and support services to children and their families with HIV/AIDS in Africa and the developing world by directly engaging the global public in the fight against AIDS.
